Document sharing for business

Save your memorable moments

Share your joys and funs
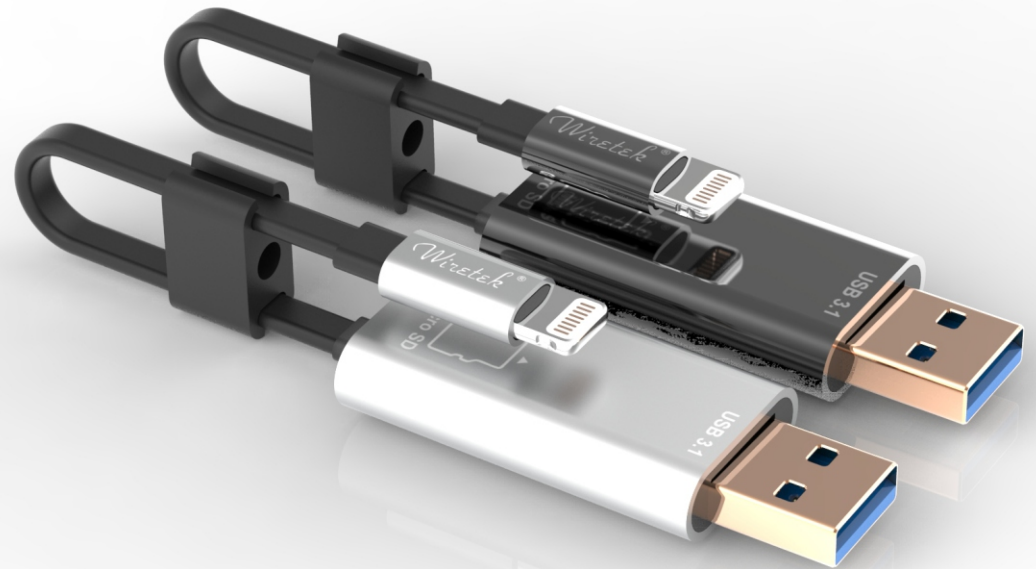

Enjoy more music

iFlash Cable

Play music and videos directly from the drive

Model No.:WI112

iFlash cable allows you to manage
and easily share your files
between iphone,iPad, and Mac/PC

Not only makes it easy to offload and transfer files, but it also allows you to listen to your favorite songs and watch videos right from the drive.*

iFlash Cable

Charging Function

Connects to your iPhone, iPad, or iPod with Lightning Connector and charges by connecting the USB connector into your Power Bank, wall charger or computer

Compact Lightning Connector head works with nearly all cases

An additional layer of protection has been added to the Lightning and USB ends to improve durability and reduce fraying

5V 1A, Charge Speed

Transfer Data Across All Platforms

- Save space by offloading files from your device.

  With both Lightning and USB 3.1-Gen 1 connectors, this high-speed, iOS iflash drive makes it easy to move files on the go, so you have extra space to store more of the content you crave.
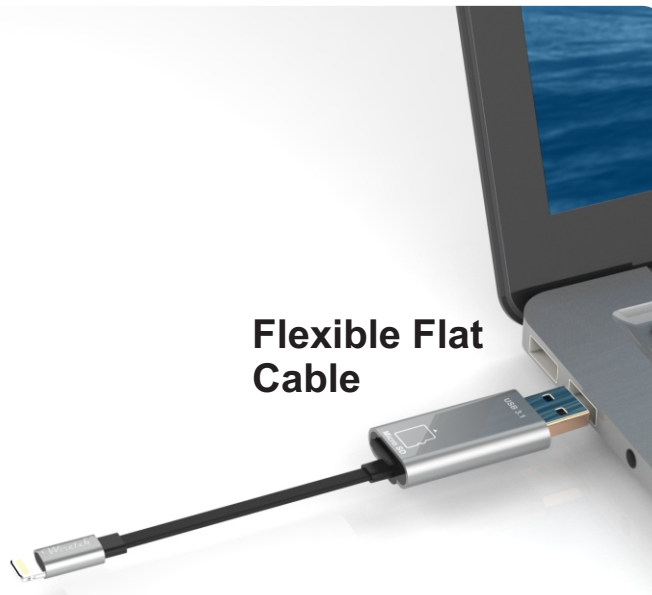

- Move files at USB 3.1 Gen 1 speeds.

  Powered by USB 3.1 Gen 1 performance, iFlash provides read speeds up to 95MB/s**. And for added versatility, it's backwards compatible with USB 2.0 devices.

- Removable Memory By Plugging In MicroSD Card, Support up to 256gb
